VIRTUAL REHAB CENTER AT HOME

At sign-up, choose your biggest challenge:

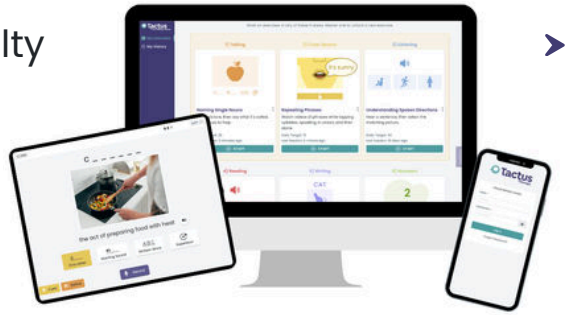
Language (aphasia)
with or without apraxia

- Great Difficulty
- Moderate Difficulty
- Little Difficulty

Unclear Speech (dysarthria)

Thinking (cognition)
memory, attention, executive function

- Need Regular Support
- Mostly Independent



Work on exercises across 9 skills:

- Clear Speech
- Talking
- Listening
- Reading
- Writing
- Attention
- Memory
- Reasoning
- Numbers

How it works:

🎯 **Starting Level:** based on your answers, you'll start on given treatment in the list shown here

Level Up: get to the highest level on an exercise to move up to the next harder exercise on the list

Access Mastered Treatments: all treatments you've passed are available for review

Hit Your Daily Target: focus on the top 3 skills, but try to work on each skill for 10-15 min a day

✨ Try FREE for 7 days: tactustherapy.com/at-home

*Cancel anytime during the trial and still use the full week!
